Building Strong Foundations for Lifelong Learning

The **Jolly EdX Reading, Communication and Public Speaking Skills Program** is designed to nurture children's reading, language, communication and public speaking abilities through engaging, interactive and joyful learning experiences.

Reading Skills: Pronounce, Read & Spell

Our program introduces children to the 42 Phonics Sounds, spelling rules and tricky-word activities to develop strong foundational reading and spelling skills. The curriculum incorporates fun-filled activities, educational games, stories and worksheets that encourage children to learn with confidence.

Inspired by the globally recognised Jolly Phonics approach, the Jolly EdX Program designed by a **certified jolly phonics trainer and a coach** and a professional English teacher, follows a **multisensory learning methodology**, combining phonics-based instruction with effective reading strategies. **This balanced approach makes learning engaging, enriching, meaningful and enjoyable.**

Enriching Young Minds through Reading

Carefully selected books from reputed publishers help enhance children's reading proficiency and comprehension. A variety of structured activities encourages vocabulary development, creative expression and effective communication.

Our program also nurtures children's speaking abilities, helping them express their thoughts clearly, communicate confidently and develop into **articulate and confident public speakers**.

Issue of Certificates:

Assessments are conducted through various sensorial approach and regular observation and the **Certificates are issued after successful completion of every level of the child's learning.**

A Holistic Approach to Learning

The Jolly EdX teaching methodology is designed to cater to children's diverse learning needs. Through structured lessons, engaging activities and concept-based learning, we aim to help children strengthen their skills, build confidence, reduce academic stress and perform better in examinations.

The program is designed with a focus on contemporary educational practices and the objectives of the **National Education Policy (NEP)**, particularly in the areas of foundational literacy, communication and the development of public speaking skills.

PUBLIC SPEAKING PROGRAM: SYLLABUS & LEVELS

- **Age Group:** 4 years and above
- **Four Progressive Levels:** Basic, Intermediate, Advanced and Advanced Plus
- **Assessment & Certification:** Assessments are conducted at every level, and certificates are awarded upon successful completion.

Help your child become a confident reader and an effective speaker. Start the journey today!
